THE EAEC-EOC TASK FORCE

Supporting a Romanian Funding Intelligence Network

The European Association of ERASMUS Coordinators(EAEC) in cooperation with the Brussels Office of the European Office of Cyprus is supporting Organizations in maximizing opportunities for European funding and provides, on request, through its consortia partners, support for the preparation of related proposals.

The Network with offices in Brussels, Nicosia and Athens is currently supporting Cyprus and Greece with 33 member organizations under EOC and other 85 members from EU countries under EAEC. After 10 years of support experience it is ready to expand its focused support to other EU countries with local networks.

The Network is providing support in the following categories:

- **POLICY and INFORMATION**
- **EU FUNDING PROGRAMMES**
- **PROFILE and NETWORKING**

The presentation will show how the network works and the tools it is using and will invite participating universities and organizations to join a **Romanian Funding Intelligence Network** to be supported with a center office in Bucharest operating as the National Contact point through which the information will be distributed to the member universities and organizations. Examples and support from the OI-Net project will be presented.
